Summary Section

Investment Objective

- The Blue Chip Investor Fund seeks long-term growth of capital.

Fees and Expenses of the Fund

The following table describes the expenses and fees that you may pay if you buy and hold shares of the Fund. **You may pay other fees, such as brokerage commissions and other fees to financial intermediaries, which are not reflected in the table and example below.**

Shareholder Fees

(fees paid directly from your investment)

Sales Charge (Load) Imposed on Purchases	None
Deferred Sales Charge (Load)	None
Sales Charge (Load) Imposed on Reinvested Dividends	None
Exchange Fee	None
Redemption Fee	None

Annual Fund Operating Expenses (expenses that you pay each year as a percentage of the value of your investment)

Management Fees	1.00%
Distribution ^{12b-1} Fees	0.00%
Other Expenses	<u>0.39%</u>
Total Annual Fund Operating Expenses	1.39%
Fee Waiver/Expense Reimbursement (a)	<u>(0.39%)</u>
Total Annual Fund Operating Expenses After Fee Waiver/Expense Reimbursement	1.00%

(a)The Adviser has contractually agreed to waive management fees and reimburse expenses to the extent necessary to maintain total annual operating expenses of the Fund (excluding brokerage fees and commissions, interest and other borrowing expenses, taxes, extraordinary expenses and the indirect costs of investing in Acquired Funds) at 1.00% of its average daily net assets through April 30, 2025. The fee waiver will automatically terminate on April 30, 2025 unless it is renewed by the Adviser. The Adviser may not terminate the fee waiver before April 30, 2025.

Expense Example

The following example is intended to help you compare the cost of investing in the Fund with the cost of investing in other mutual funds. The example assumes that you invest \$10,000 in the Fund for the time periods indicated and then redeem all of your shares at the end of those periods. The example also assumes that your investment has a 5% annual return each year and that the Fund's operating expenses remain the same each year. Although your actual costs may be higher or lower, based on these assumptions your costs would be:

Your costs:	One Year	Three Years	Five Years	Ten Years
Blue Chip Investor Fund	\$102	\$402	\$723	\$1,635

Portfolio Turnover

The Fund pays transaction costs, such as commissions, when it buys and sells securities (or "turns over" its portfolio). A higher portfolio turnover may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in annual fund operating expenses or in the example, affect the Fund's performance. During the most recent fiscal year, the Fund's portfolio turnover rate was 6.23% of the average value of its portfolio.

The Principal Investment Strategy of the Fund

The Fund invests primarily in the common stocks of industry-dominant companies whose earnings have demonstrated superior growth. The Fund's Adviser considers, among other things, balance sheet strength, cash flow and return on equity. The Fund normally focuses its investments in a core of less than 25 companies, and certain sectors are likely to be overweighted compared to others. The Fund invests in medium to large capitalization companies. The average market capitalization of holdings is usually larger than \$5 billion. Securities are sold when they have realized their anticipated value or if new investment opportunities with higher expected return are acquired.

The Fund is a "non-diversified" portfolio, which means it can invest in fewer securities at any one time than a diversified portfolio and can invest more of its assets in securities of a single issuer than a diversified portfolio. Also, the Fund may participate in a limited number of industry sectors.

The Principal Risks of Investing in the Fund

Risks in General

Domestic economic growth and market conditions, interest rate levels, and political events are among the factors affecting the securities markets in which the Fund invests. There is the risk that these and other factors may adversely affect the Fund's performance. You may lose money by investing in the Fund.

Additionally, unexpected local, regional or global events, such as war; acts of terrorism; financial, political or social disruptions; natural, environmental or man-made disasters; the spread of infectious illnesses or other public health issues (such as the global coronavirus pandemic); and recessions and depressions could have a significant impact on the Fund and its investments and may impair market liquidity. Such events can cause investor fear, which can adversely affect the economies of nations, regions and the market in general, in ways that cannot necessarily be foreseen.

Risks of Investing in Common Stocks

Overall stock market risks may affect the value of the Fund. Factors such as domestic economic growth and market conditions, interest rate levels, and political events affect the securities markets. When the value of the Fund's investments goes down, your investment in the Fund decreases in value and you could lose money.

Risks of Medium-Sized Companies

To the extent the Fund invests in the stocks of medium-sized companies, the Fund may be subject to additional risks. The earnings and prospects of these companies are more volatile than larger companies. Medium-sized companies may experience higher failure rates than do larger companies.

Risk of Non-Diversification

The Fund is non-diversified, which means that it has the ability to take larger positions in a smaller number of securities than a portfolio that is "diversified." Non-diversification increases the risk that the value of the Fund could go down because of the poor performance of a single investment.

Sector Risk

Sector risk is the possibility that all stocks within the same group of industries will decline in price due to sector-specific market or economic developments. The Fund may be overweight in certain sectors at various times.

Foreign Risk.

Investments in securities of foreign issuers can involve significant risks in addition to the risks inherent in U.S. investments. These risks include adverse political, social and economic developments, differing auditing and legal standards, war, expropriation and nationalization.

Borrowing Risk

The Fund may borrow money in an amount not exceeding 33 1/3% of the Fund's total assets. Borrowing magnifies the potential for gain or loss of the Fund and, therefore, if employed, increases the possibility of fluctuation in the Fund's net asset value. This is the speculative factor known as leverage.

Management Risk

The Adviser's strategy may fail to produce the intended results.

Performance

The information provides some indication of the risks of investing in the Fund by showing changes in the Fund's performance from year to year and by showing how the Fund's average annual returns for 1 year, 5 years, and 10 years compare with those of a broad measure of market performance. The Fund's past performance (before and after taxes) is not necessarily an indication of how the Fund will perform in the future. Updated performance information is available by calling 1-877-673-3119. The bar chart shows calendar year total returns for the Fund for the last ten years.

AVERAGE ANNUAL TOTAL RETURN

FOR THE PERIODS ENDED 12/31/23	1 Year	5 Years	10 Years
BLUE CHIP INVESTOR FUND			
Return Before Taxes	18.88%	9.09%	7.02%
Return After Taxes on Distributions	17.62%	8.28%	5.89%
Return After Taxes on Distributions and Sale of Fund Shares	12.09%	7.06%	5.35%
S&P 500 Index (does not reflect deductions for fees, expenses or taxes)	26.29%	15.69%	12.03%

After-tax returns are calculated using the historical highest individual federal marginal income tax rates and do not reflect the impact of state and local taxes. Actual after-tax returns depend

on an investor's tax situation and may differ from those shown, and after-tax returns shown are not relevant to investors who hold their Fund shares through tax-deferred arrangements, such as 401(k) plans or individual retirement accounts.

Management

Investment Adviser

Check Capital Management Inc.

Portfolio Managers

Steven Check has managed the Fund since its inception in 2002. Ryan Kinney has co-managed the Fund since 2017.

Purchase and Sale of Fund Shares

The minimum initial and subsequent investment amounts for various types of accounts offered by the Fund are shown below.

	<u>Initial</u>	<u>Additional</u>
Regular Account	\$5,000	\$100
Automatic Investment Plan	\$5,000	\$100
IRA Account	\$2,500	\$100

Investors may purchase or redeem Fund shares on any business day through a financial intermediary, by mail (Blue Chip Investor Fund, c/o Mutual Shareholder Services, 8000 Town Centre Drive, Suite 400, Broadview Heights, Ohio 44147), by wire, or by telephone at 1-877-673-3119. Purchases and redemptions by telephone are only permitted if you previously established this option on your account.

Tax Information

The Fund's distributions are taxable, and will be taxed as ordinary income or capital gains, unless you are investing through a tax-deferred arrangement, such as a 401(k) plan or an individual retirement account. Such tax-deferred arrangements may be taxed later upon withdrawal of monies from those arrangements.

Payments to Broker-Dealers and Other Financial Intermediaries

If you purchase the Fund through a broker-dealer or other financial intermediary (such as a bank), the Fund and its related companies may pay the intermediary for the sale of Fund shares and related services. These payments may create a conflict of interest by influencing the broker-dealer or other intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary's website for more information.

Investment Objectives, Principal Investment Strategy, Related Risks, and Disclosure of Portfolio Holdings

Investment Objective

- The Blue Chip Investor Fund seeks long-term growth of capital.

The Principal Investment Strategy of the Fund

The Fund invests primarily in the common stocks of industry-dominant companies whose earnings have demonstrated superior growth. The Fund's Adviser considers, among other things, balance sheet strength, cash flow and return on equity. The Fund normally focuses its investments in a core of less than 25 companies, and certain sectors are likely to be overweighted compared to others. The Fund invests in medium to large capitalization companies. The average market capitalization of holdings is usually larger than \$5 billion. Securities are sold when they have realized their anticipated value or if new investment opportunities with higher expected return are acquired.

The Fund is a "non-diversified" portfolio, which means it can invest in fewer securities at any one time than a diversified portfolio and can invest more of its assets in securities of a single issuer than a diversified portfolio. Also, the Fund may participate in a limited number of industry sectors.

The Investment Selection Process Used by the Fund

Check Capital Management Inc., the Fund's investment adviser, follows a value-oriented investment strategy to find growth companies trading at undervalued prices. This investment technique applies a value approach to growth companies.

The Adviser uses several approaches in analyzing the economic value of stocks, but considers the primary determinant of value to be a company's ability to generate growth of earnings. The Adviser considers whether a stock is trading below estimates of the intrinsic value, or worth, of the business. Based upon the intrinsic value, a purchase price is determined. The Adviser believes the stock market, with its inherent volatility, irrationally underprices companies on a periodic basis. The Adviser attempts to take advantage of such opportunities and purchase stocks of proven growth companies at undervalued prices.

The Fund may hold all or a portion of its assets in cash or cash-equivalents like money market funds, certificates of deposit, short-term debt obligations, and repurchase agreements, either due to pending investments or when investment opportunities are limited. Under these circumstances, the Fund may not participate in stock market advances or declines to the same extent it would had it remained more fully invested in common stocks.

The Principal Risks of Investing in the Fund

Risks in General

Domestic economic growth and market conditions, interest rate levels, and political events are among the factors affecting the securities markets in which the Fund invests. There is risk that these and other factors may adversely affect the Fund's performance. You should consider your own investment goals, time horizon, and risk tolerance before investing in the Fund. An investment in the Fund may not be appropriate for all investors and is not intended to be a complete investment program. An investment in the Fund is not a deposit in the bank and is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. You may lose money by investing in the Fund.

Additionally, unexpected local, regional or global events, such as war; acts of terrorism; financial, political or social disruptions; natural, environmental or man-made disasters; the spread of infectious illnesses or other public health issues; and recessions and depressions

could have a significant impact on the Fund and its investments and may impair market liquidity. Such events can cause investor fear, which can adversely affect the economies of nations, regions and the market in general, in ways that cannot necessarily be foreseen. The increasing interconnectivity between global economies and financial markets increases the likelihood that events or conditions in one region or financial market may adversely impact issuers in a different country, region or financial market. These risks may be magnified if certain events or developments adversely interrupt the global supply chain; in these and other circumstances, such risks might affect companies worldwide. As a result, local, regional or global events such as war, acts of terrorism, the spread of infectious illness or other public health issues, recessions or other events could have a significant negative impact on global economic and market conditions. The coronavirus global pandemic and the aggressive responses taken by many governments or voluntarily imposed by private parties, including closing borders, restricting international and domestic travel, and imposing prolonged quarantines or similar restrictions, as well as the closure of, or operational changes to, many retail and other businesses, has had negative impacts, and in many cases severe negative impacts, on markets worldwide. It is not known how long such impacts, or any future impacts of other significant events described above, will or would last, but there could be a prolonged period of global economic slowdown, which may be expected to impact the Fund and its investments.

Risks of Investing in Common Stocks

The Fund invests primarily in common stocks, which subjects the Fund and its shareholders to the risks associated with common stock investing. These risks include the financial risk of selecting individual companies that do not perform as anticipated, the risk that the stock markets in which the Fund invests may experience periods of turbulence and instability, and the general risk that domestic and global economies may go through periods of decline and cyclical change. Many factors affect the performance of each company that the Fund invests in, including the strength of the company's management or the demand for its products or services. You should be aware that a company's share price may decline as a result of poor decisions made by management or lower demand for the company's products or services. In addition, a company's share price may also decline if its earnings or revenues fall short of expectations.

There are overall stock market risks that may also affect the value of the Fund. Over time, the stock markets tend to move in cycles, with periods when stock prices rise generally and periods when stock prices decline generally. The value of the Fund's investments may increase or decrease more than the stock markets in general.

Risks of Medium-Sized Companies

To the extent the Fund invests in the stocks of medium-sized companies, the Fund may be subject to additional risks. The earnings and prospects of these companies are more volatile than larger companies. Medium-sized companies may experience higher failure rates than do larger companies. The trading volume of securities of medium-sized companies is normally less than that of larger companies and, therefore, may disproportionately affect their market price, tending to make them fall more in response to selling pressure than is the case with larger companies. Medium-sized companies may have limited markets, product lines or financial resources and may lack management experience.

Risk of Non-Diversification

The Fund is a non-diversified portfolio, which means that it has the ability to take larger positions in a smaller number of securities than a portfolio that is "diversified". Non-diversification increases the risk that the value of the Fund could go down because of the poor performance of a single investment.

Sector Risk

Sector risk is the possibility that stocks within the same group of industries will decline in price due to sector-specific market or economic developments. If the adviser invests a significant portion of its assets in a particular sector, the Fund is subject to the risk that companies in the same sector are likely to react similarly to legislative or regulatory changes, adverse market

conditions and/or increased competition affecting that market segment. The sectors in which the Fund may be overweighted will vary.

Foreign Risk

The Fund may invest in securities of foreign issuers, including ADRs. ADRs are alternatives to the direct purchase of the underlying securities in their national markets and currencies. ADRs are subject to risks similar to those associated with direct investment in foreign securities. Foreign investments can involve significant risks in addition to the risks inherent in U.S. investments. These risks include adverse political, social and economic developments, differing auditing and legal standards, war, expropriation and nationalization. Many foreign countries lack uniform accounting and disclosure standards comparable to those applicable to U.S. companies, and it may be more difficult to obtain reliable information regarding an issuer's financial condition and operations.

Borrowing Risk

The Fund may borrow money in an amount not exceeding 33 1/3% of the Fund's total assets. Borrowing magnifies the potential for gain or loss of the Fund and, therefore, if employed, increases the possibility of fluctuation in the Fund's net asset value. This is the speculative factor known as leverage.

Management Risk

The Adviser's strategy may fail to produce the intended results.

Portfolio Holdings Disclosure

A description of the Fund's policies and procedures with respect to the disclosure of the Fund's portfolio securities is available in the Fund's Statement of Additional Information ("SAI").

Management

The Investment Adviser

Check Capital Management Inc. is the investment adviser of the Fund and has responsibility for the management of the Fund's affairs, under the supervision of the Trust's Board of Trustees. The Fund's investment portfolio is managed on a day-to-day basis by Steven Check and Ryan Kinney. Mr. Check has been the President and Chief Investment Officer of Check Capital Management Inc. since its inception. Mr. Kinney joined the Adviser in April 2013 as a Research Director before assuming his current position as a Co-Portfolio Manager of the Fund in 2017. Mr. Kinney was an independent investor from April 2012 to April 2013.

Check Capital Management Inc. was organized in 1987 and has been managing investment accounts and money since that time. The Adviser serves as investment adviser to individuals, trusts, retirement plans, and non-profit organizations. The address of Check Capital Management Inc. is 575 Anton Boulevard, Suite 500, Costa Mesa, CA 92626.

The Fund's SAI provides information about the portfolio manager's compensation, other accounts managed by the portfolio manager and the manager's ownership of Fund shares.

Check Capital Management Inc. manages the investment portfolio of the Fund, subject to policies adopted by the Trust's Board of Trustees. Under the Management Agreement, the Adviser, at its own expense and without reimbursement from the Trust, furnishes office space and all necessary office facilities, equipment and executive personnel necessary for managing the Fund. For the fiscal year ended December 31, 2023, the Adviser received management fees, after management fee waivers, of 0.61% of the daily net assets of the Fund.

A discussion regarding the basis for the Board of Trustees' approval of the Management Agreement between the Fund and the Adviser is available in the Annual Report to Shareholders.

The Adviser (not the Fund) may pay certain financial institutions (which may include banks, brokers, securities dealers and other industry professionals) a fee for providing distribution related services and/or for performing certain administrative servicing functions for Fund shareholders to the extent these institutions are allowed to do so by applicable statute, rule or regulation. The Fund may from time to time purchase securities issued by financial institutions that provide such services; however, in selecting investments for the Fund, these services will not be taken into consideration.

Shareholder Information

Pricing of Fund Shares

The price you pay for a share of the Fund, and the price you receive upon selling or redeeming a share of the Fund, is called the Fund's net asset value ("NAV"). The NAV is calculated by taking the total value of the Fund's assets, subtracting its liabilities, and then dividing by the total number of shares outstanding, rounded to the nearest cent:

Net Asset Value = Total Asset - Liabilities / Number of Shares Outstanding

The NAV is generally calculated as of the close of trading on the New York Stock Exchange (normally 4:00 p.m. Eastern time) every day the Exchange is open. The New York Stock Exchange is generally open every day other than weekends and holidays. All purchases, redemptions or reinvestments of Fund shares will be priced at the next NAV calculated after your order is received in proper form by the Fund's Transfer Agent, Mutual Shareholder Services. If you purchase shares directly from the Fund, your order must be placed with the Transfer Agent prior to the close of the trading of the New York Stock Exchange in order to be confirmed for that day's NAV. The Fund's assets generally are valued at their market quotations. If market prices are not available or, in the Fund's opinion, market prices do not reflect fair value, or if an event occurs after the close of trading (but prior to the time the NAV is calculated) that materially affects fair value, the Fund through the Adviser may value the Fund's assets at their fair value according to policies approved by the Fund's Board of Trustees. For example, if trading in a portfolio security is halted and does not resume before the Fund calculates its NAV, the Fund through the Adviser may need to price the security using the Fund's fair value pricing guidelines. Without a fair value price, short term traders could take advantage of the arbitrage opportunity and dilute the NAV of long-term investors. Fair valuation of a Fund's portfolio securities can serve to reduce arbitrage opportunities available to short term traders, but there is no assurance that fair value pricing policies will prevent dilution of the Fund's NAV by short term traders. The Fund may use pricing services to determine market value.

Customer Identification Program

IMPORTANT INFORMATION ABOUT PROCEDURES FOR OPENING A NEW ACCOUNT

To help the government fight the funding of terrorism and money laundering activities, Federal law requires all financial institutions to obtain, verify, and record information that identifies each person who opens an account. This means that, when you open an account, we will ask for your name, address, date of birth, and other information that will allow us to identify you. We may also ask for identifying documents, and may take additional steps to verify your identity. We may not be able to open an account or complete a transaction for you until we are able to verify your identity.

Investing in the Fund

You may purchase shares directly through the Fund's transfer agent or through a brokerage firm or other financial institution that has agreed to sell the Fund's shares. If you are investing directly in the Fund for the first time, you will need to establish an account by completing a Shareholder Account Application (To establish an IRA, complete an IRA Application). To request an application, call toll-free 1-877-673-3119. The Fund reserves the right to change the amount of these minimums from time to time or to waive them in whole or in part for certain accounts. Investment minimums may be higher or lower to investors purchasing shares through a brokerage firm or other financial institution.

Investments Made Through Brokerage Firms or Other Financial Institutions

If you invest through a brokerage firm or other financial institution, the policies and fees may be different than those described here. Financial advisers, financial supermarkets, brokerage firms, and other financial institutions may charge transaction and other fees and may set different minimum investments or limitations on buying or selling shares. Consult a representative of your financial institution if you have any questions. The Fund is deemed to have received your order when the brokerage firm or financial institution receives the order, and your purchase will be priced at the next calculated NAV. Your financial institution is responsible for transmitting your order to the Fund in a timely manner.

Minimum Investments

	<u>Initial</u>	<u>Additional</u>
Regular Account	\$5,000	\$100
Automatic Investment Plan	\$5,000	\$100*
IRA Account	\$2,500	\$100

*An Automatic Investment Plan requires a \$100 minimum automatic monthly or quarterly investment.

All purchases must be made in U.S. dollars and checks must be drawn on U.S. banks. No cash, money orders, travelers checks, credit cards, credit card checks, third party checks or other checks deemed to be high-risk checks will be accepted. A \$20 fee will be charged against your account for any payment check returned to the transfer agent or for any incomplete electronic fund transfer, or for insufficient funds, stop payment, closed account or other reasons. If a check does not clear your bank or the Fund is unable to debit your predesignated bank account on the day of purchase, the Fund reserves the right to cancel the purchase. If your purchase is canceled, you will be responsible for any losses or fees imposed by your bank and losses that may be incurred as a result of a decline in the value of the canceled purchase. The Fund (or Fund agent) has the authority to redeem shares in your account(s) to cover any losses due to fluctuations in share price. Any profit on such cancellation will accrue to the Fund. Your investment in the Fund should be intended to serve as a long-term investment vehicle. The Fund is not designed to provide you with a means of speculating on the short-term fluctuations in the stock market. The Fund reserves the right to reject any purchase request that it regards as disruptive to the efficient management of the Fund, which includes investors with a history of excessive trading. The Fund also reserves the right to stop offering shares at any time.

Types of Account Ownership

You can establish the following types of accounts by completing a Shareholder Account Application:

- **Individual or Joint Ownership**

Individual accounts are owned by one person. Joint accounts have two or more owners.

- **A Gift or Transfer to Minor (UGMA or UTMA)** A UGMA/UTMA account is a custodial account managed for the benefit of a minor. To open an UGMA or UTMA account, you must include the minor's social security number on the application.

- **Trust**

An established trust can open an account. The names of each trustee, the name of the trust and the date of the trust agreement must be included on the application.

- **Business Accounts**

Corporation and partnerships may also open an account. The application must be signed by an authorized officer of the corporation or a general partner of a partnership.

• **IRA Accounts**

See “Tax-Deferred Plans”.

Instructions for Opening and Adding to an Account

TO OPEN AN ACCOUNT

TO ADD TO AN ACCOUNT

By Mail

By Mail

Complete and sign the Shareholder Application or an IRA Application.

Complete the investment slip that is included with your account statement, and write your account number on your check. If you no longer have your investment slip, please reference your name, account number, and address on your check.

Make your check payable to Blue Chip Investor Fund

- For IRA accounts, please specify the year for which the contribution is made.

Mail the application and check to:

Mail the slip and the check to:

Blue Chip Investor Fund
c/o Mutual Shareholder Services
8000 Town Centre Drive, Suite 400
Broadview Heights, Ohio 44147

Blue Chip Investor Fund
c/o Mutual Shareholder Services
8000 Town Centre Drive, Suite 400
Broadview Heights, Ohio 44147

TO OPEN AN ACCOUNT

TO ADD TO AN ACCOUNT

By Wire

By Wire

Call 1-877-673-3119 for instructions and to obtain an investor account number or an IRA account number prior to wiring to the Fund.

Call 1-877-673-3119 for instructions.

Telephone and Wire Transactions

With respect to all transactions made by telephone, the Fund and its transfer agent will employ reasonable procedures to confirm that instructions communicated by telephone are genuine. Such procedures may include, among others, requiring some form of personal identification prior to acting upon telephone instructions, providing written confirmation of all such transactions, and/or tape recording all telephone instructions. If reasonable procedures are followed, then neither the Fund nor the transfer agent will be liable for any loss, cost, or expense for acting upon an investor's telephone instructions or for any unauthorized telephone redemption. In any instance where the Fund's transfer agent is not reasonably satisfied that instructions received by telephone are genuine, neither the Fund nor the transfer agent shall be liable for any losses which may occur because of delay in implementing a transaction.

If you purchase your initial shares by wire, the transfer agent first must have received a completed account application and issued an account number to you. The account number must be included in the wiring instructions as set forth on the previous page. The transfer agent must receive your account application to establish shareholder privileges and to verify your account information. Payment of redemption proceeds may be delayed and taxes may be withheld unless the Fund receives a properly completed and executed account application.

Shares purchased by wire will be purchased at the NAV next determined after the transfer agent receives your wired funds and all required information is provided in the wire instructions. If the

wire is not received by 4:00 p.m. Eastern time, the purchase will be effective at the NAV next calculated after receipt of the wire.

Tax-Deferred Plans

If you are eligible, you may set up one or more tax-deferred accounts. A tax-deferred account allows you to defer income taxes due on your investment income and capital gains. A contribution to certain of these plans may also be tax deductible. Tax-deferred accounts include retirement plans described below. Distributions from these plans are generally subject to an additional tax if withdrawn prior to age 59 1/2 or used for a nonqualifying purpose. Investors should consult their tax adviser or legal counsel before selecting a tax-deferred account.

The Huntington National Bank serves as the custodian for the tax-deferred accounts offered by the Fund. You will be charged an annual account maintenance fee of \$8 for each tax-deferred account you have with the Fund. You may pay the fee by check or have it automatically deducted from your account (usually in December). The custodian reserves the right to change the amount of the fee or to waive it in whole or part for certain types of accounts.

Types of Tax-Deferred Accounts

- **Traditional IRA**

An individual retirement account. Your contribution may or may not be deductible depending on your circumstances. Assets can grow tax-deferred and distributions are taxable as income.

- **Roth IRA**

An IRA with non-deductible contributions, tax-free growth of assets, and tax-free distributions for qualified distributions.

- **Spousal IRA**

An IRA funded by a working spouse in the name of a non-earning spouse.

- **SEP-IRA**

An individual retirement account funded by employer contributions. Your assets grow tax-deferred and distributions are taxable as income.

- **Keogh or Profit Sharing Plans**

These plans allow corporations, partnerships and individuals who are self-employed to make tax deductible contributions for each person covered by the plans.

- **403(b) Plans**

An arrangement that allows employers of charitable or educational organizations to make voluntary salary reduction contributions to a tax-deferred account.

- **401(k) Plans**

Allows employees of corporations of all sizes to contribute a percentage of their wages on a tax deferred basis. These accounts need to be established by the trustee of the plan.

Automatic Investment Plans

By completing the Automatic Investment Plan section of the account application, you may make automatic monthly or quarterly investments (\$100 minimum per purchase) in the Fund from your bank or savings account. Your initial investment minimum is \$5,000 if you select this option. Shares of the Fund may also be purchased through direct deposit plans offered by certain employers and government agencies. These plans enable shareholders to have all or a portion of their payroll or Social Security checks transferred automatically to purchase shares of the Fund.

FOR INVESTING

Automatic Investment Plan

For making automatic investments from a designated bank account.

Payroll Direct Deposit Plan

For making automatic investments from your payroll check.

Dividend Reinvestment

All income dividends and capital gains distributions will be automatically reinvested in shares of the Fund unless you indicate otherwise on the account application or in writing.

Instructions for Selling Fund Shares

You may sell all or part of your shares on any day that the New York Stock Exchange is open for trading. Your shares will be sold at the next NAV per share calculated after your order is received in proper form by the transfer agent. The proceeds of your sale may be more or less than the purchase price of your shares, depending on the market value of the Fund's securities at the time of your sale. Your order will be processed promptly and you will generally receive the proceeds within seven days after receiving your properly completed request. The Fund will not mail any proceeds unless your investment check has cleared the bank, which may take up to fifteen calendar days. This procedure is intended to protect the Fund and its shareholders from loss. If the dollar or share amount requested is greater than the current value of your account, your entire account balanced will be redeemed. If you choose to redeem your account in full, any automatic services currently in effect for the account will be terminated unless you indicate otherwise in writing. The Fund typically expects that it will take up to seven days following the receipt of your redemption request to pay out redemption proceeds by check or electronic transfer, except as noted above. The Fund typically expects to pay redemptions from cash, cash equivalents, proceeds from the sale of fund shares, from the sale of portfolio securities, and then from borrowing from a bank line of credit. These redemption payment methods will be used in regular and stressed market conditions.

TO SELL SHARES

By Mail

Write a letter of instruction that includes:

- The names(s) and signature(s) of all account owners.
- Your account number.
- The dollar or share amount you want to sell.
- Where to send the proceeds.
- If redeeming from your IRA, please note applicable withholding requirements.
- Obtain a signature guarantee or other documentation, if required.

Mail your request to:

Blue Chip Investor Fund
c/o Mutual Shareholder Services
8000 Town Centre Drive, Suite 400
Broadview Heights, Ohio 44147

By overnight courier, send to:

Blue Chip Investor Fund
c/o Mutual Shareholder Services
8000 Town Centre Drive, Suite 400
Broadview Heights, Ohio 44147

By Telephone

- You will automatically be granted telephone redemption privileges unless you decline them in writing or indicate on the appropriate that you decline this option. Otherwise, you may redeem Fund shares by calling 1-877-673-3119. Redemption proceeds will only be mailed to your address of record.
- You may only redeem a maximum of \$50,000 per day by telephone.
- You will not be able to redeem by telephone and have a check sent to your address of record for a period of 15 days following an address change.
- Unless you decline telephone privileges in writing or on your account application, as long as the Fund takes reasonable measures to verify the order, you be responsible for any fraudulent telephone order.

For specific information on how to redeem your account, and to determine if a signature guarantee or other documentation is required, please call toll-free in the U.S. 1-877-673-3119.

Additional Redemption Information

Signature Guarantees

Signature guarantees are designed to protect both you and the Fund from fraud. A signature guarantee of each owner is required to redeem shares in the following situations:

- If you change ownership on your account.
- If you request the redemption proceeds to be sent to a different address than that registered on the account.
- If a change of address request has been received by the Transfer Agent within the last 15 days.
- If you wish to redeem \$50,000 or more from any shareholder account.

Signature guarantees can be obtained from most banks, savings and loan associations, trust companies, credit unions, broker/dealers, and member firms of a national securities exchange. Call your financial institution to see if they have the ability to guarantee a signature. **A notary public cannot provide signature guarantees.**

The Fund reserves the right to require a signature guarantee under other circumstances or to delay a redemption when permitted by Federal Law. For more information pertaining to signature guarantees, please call 1-877-673-3119.

Corporate, Trust and Other Accounts

Redemption requests from corporate, trusts, and other accounts may require documents in addition to those described above, evidencing the authority of the officers, trustees or others. In order to avoid delays in processing redemption requests for these accounts, you should call the Transfer Agent at 1-877-673-3119 to determine what additional documents are required.

Address Changes

To change the address on your account, call the transfer agent at 1-877-673-3119 or send a written request signed by all account owners. Include the account number(s) and name(s) on the account and both the old and new addresses. Certain options may be suspended for a period of 15 days following an address change.

Transfer of Ownership

In order to change the account registration or transfer ownership of an account, additional documents will be required. In order to avoid delays in processing these requests, you should call the transfer agent at 1-877-673-3119 to determine what additional documents are required.

Redemption Initiated by the Fund

Because there are certain fixed costs involved with maintaining your account, the Fund may require you to redeem all of your shares if your account balance falls below \$2,500. After your account balance falls below the minimum balance, you will receive a notification from the Fund indicating its intent to close your account along with instructions on how to increase the value of your account to the minimum amount within 60 days. If your account balance is still below \$2,500 after 60 days, the Fund may close your account and send you the proceeds. This minimum balance requirement does not apply to accounts using automatic investment plans, to IRAs, and to other tax-sheltered investment accounts. The right of redemption by the Fund will not apply if the value of your account balance falls below \$2,500 because of market performance. All shares of the Fund are also subject to involuntary redemption if the Board of Trustees determines to liquidate the Fund. Any involuntary redemption will create a capital gain or loss, which may have tax consequences about which you should consult your tax adviser.

Shareholder Communications

Account Statements

Every quarter, shareholders of the Fund will automatically receive regular account statements. You will also be sent a yearly statement detailing the tax characteristics of any dividends and distributions you have received.

Confirmations

Confirmation statements will be sent after each transaction that affects your account balance or account registration.

Regulatory Reports

Financial reports will be published semi-annually. The reports will remain available to you on the Fund's website (www.bluechipinvestorfund.com) and you will be notified by mail in each tailored shareholder report (a smaller version of the historical annual and semi-annual report) each time a report is posted and provided with a link to access the report. Annual reports will include audited financial statements. For any shareholder that requests paper copies only one copy of each report will be mailed to each taxpayer identification number even though the investor may have more than one account in the Fund.

Dividends and Distributions

The Fund intends to pay distributions on an annual basis and expects that distributions will consist primarily of capital gains. You may elect to reinvest income dividends and capital gain distributions in the form of additional shares of the Fund or receive these distributions in cash. Dividends and distributions from the Fund are automatically reinvested in the Fund, unless you elect to have dividends paid in cash. Reinvested dividends and distributions receive the same tax treatment as those paid in cash. If you are interested in changing your election, you may call the transfer agent at 1-877-673-3119 or send a written notification to Blue Chip Investor Fund, c/o Mutual Shareholder Services, 8000 Town Centre Drive, Suite 400, Broadview Heights, Ohio 44147.

Market Timing

The Fund discourages market timing. Market timing is an investment strategy using frequent purchases, redemptions and/or exchanges in an attempt to profit from short term market movements. Market timing may result in dilution of the value of Fund shares held by long term

shareholders, disrupt portfolio management and increase Fund expenses for all shareholders. The Board of Trustees has adopted a policy directing the Fund to reject any purchase order with respect to one investor, a related group of investors or their agent(s), where it detects a pattern of purchases and sales of the Fund that indicates market timing or trading that it determines is abusive. This policy generally applies to all Fund shareholders. While the Fund attempts to deter market timing, there is no assurance that it will be able to identify and eliminate all market timers. For example, certain accounts called "omnibus accounts" include multiple shareholders. Omnibus accounts typically provide the Fund with a net purchase or redemption request on any given day where purchasers of Fund shares and redeemers of Fund shares are netted against one another and the identity of individual purchasers and redeemers whose orders are aggregated are not known by the Fund. The netting effect often makes it more difficult for the Fund to detect market timing, and there can be no assurance that the Fund will be able to do so.

Cybersecurity Risk

The computer systems, networks and devices used by the Fund and its service providers to carry out routine business operations employ a variety of protections designed to prevent damage or interruption from computer viruses, network failures, computer and telecommunication failures, infiltration by unauthorized persons and security breaches. Despite the various protections utilized by the Fund and its service providers, systems, networks, or devices potentially can be breached. The Fund and its shareholders could be negatively impacted as a result of a cybersecurity breach.

Cybersecurity breaches can include unauthorized access to systems, networks, or devices; infection from computer viruses or other malicious software code; and attacks that shut down, disable, slow, or otherwise disrupt operations, business processes, or website access or functionality. Cybersecurity breaches may cause disruptions and impact the Fund's business operations, potentially resulting in financial losses; interference with the Fund's ability to calculate its NAV; impediments to trading; the inability of the Fund, the Adviser, and other service providers to transact business; violations of applicable privacy and other laws; regulatory fines, penalties, reputational damage, reimbursement or other compensation costs, or additional compliance costs; as well as the inadvertent release of confidential information.

Similar adverse consequences could result from cybersecurity breaches affecting issuers of securities in which the Fund invests; counterparties with which the Fund engages in transactions; governmental and other regulatory authorities; exchange and other financial market operators, banks, brokers, dealers, insurance companies, and other financial institutions (including financial intermediaries and service providers for the Fund's shareholders); and other parties. In addition, substantial costs may be incurred by these entities in order to prevent any cybersecurity breaches in the future.

Taxes

Fund dividends and distributions are taxable to most investors (unless your investment is in an IRA or other tax-advantaged account). Dividends paid by the Fund out of net ordinary income and distributions of net short-term capital gains are taxable to the shareholders as ordinary income.

Distributions by the Fund of net long-term capital gains to shareholders are generally taxable to the shareholders at the applicable long-term capital gains rate, regardless of how long the shareholder has held shares of the Fund.

Redemptions of shares of the Fund are taxable events which you may realize as a gain or loss. The amount of the gain or loss and the rate of tax will depend mainly upon the amount paid for the shares, the amount received from the sale, and how long the shares were held.

The Fund's distributions may be subject to federal income tax whether received in cash or reinvested in additional shares. In addition to federal taxes, you may be subject to state and local taxes on distributions. For taxable years beginning after December 31, 2012, an additional 3.8% Medicare tax may be imposed on distributions you receive from the Fund and on gains from selling, redeeming or exchanging your shares.

Because everyone's tax situation is unique, always consult your tax professional about federal, state, and local tax consequences of an investment in the Fund.

The Fund must report to the IRS and furnish to shareholders the cost basis information for shares purchased and sold. The Fund has chosen average cost as its standing (default) tax lot identification method for all shareholders, which means the Fund will use this method to determine which specific shares are deemed to be sold when there are multiple purchases on different dates at differing NAVs, and the entire position is not sold at one time. Shareholders may, however, choose a method other than the Fund's standing method at the time of their purchase or upon sale of covered shares. Shareholders should consult their tax advisors to determine the best IRS-accepted cost basis method for their tax situation and to obtain more information about how cost basis reporting applies to them. Shareholders also should carefully review the cost basis information provided to them by the Fund and make any additional basis, holding period or other adjustments that are required when reporting these amounts on their federal income tax returns.

PRIVACY POLICY

The following is a description of the Fund's policies regarding disclosure of nonpublic personal information that you provide to the Fund or that the Fund collects from other sources. In the event that you hold shares of the Fund through a broker-dealer or other financial intermediary, the privacy policy of your financial intermediary would govern how your nonpublic personal information would be shared with unaffiliated third parties.

Categories of Information the Fund Collects. The Fund collects the following nonpublic personal information about you:

- Information the Fund receives from you on or in applications or other forms, correspondence, or conversations (such as your name, address, phone number, social security number, assets, income and date of birth); and
- Information about your transactions with the Fund, its affiliates, or others (such as your account number and balance, payment history, parties to transactions, cost basis information, and other financial information).

Categories of Information the Fund Discloses. The Fund does not disclose any nonpublic personal information about their current or former shareholders to unaffiliated third parties, except as required or permitted by law. The Fund is permitted by law to disclose all of the information it collects, as described above, to their service providers (such as the Fund's custodian, administrator and transfer agent) to process your transactions and otherwise provide services to you.

Confidentiality and Security. The Fund restricts access to your nonpublic personal information to those persons who require such information to provide products or services to you. The Fund maintains physical, electronic, and procedural safeguards that comply with federal standards to guard your nonpublic personal information.

Financial Highlights

The financial highlights table is intended to help you understand the Fund's financial performance for the past five years. Certain information reflects financial results for a single Fund share. The total returns in the table represent the rate you would have earned (or lost) on an investment in the Fund (assuming reinvestment of all dividends and distributions). This information has been audited by Cohen & Company, Ltd., the Fund's independent registered public accounting firm, whose report, along with the Fund's financial statements, is included in the Fund's annual report, which is available upon request and incorporated by reference in the Statement of Additional Information.

Financial Highlights

Selected data for a share outstanding throughout each year:	1/1/2023 to 12/31/2023	1/1/2022 to 12/31/2022	1/1/2021 to 12/31/2021	1/1/2020 to 12/31/2020	1/1/2019 to 12/31/2019
Net Asset Value -					
Beginning of Year	\$ 169.56	\$ 206.84	\$ 162.09	\$ 172.79	\$ 144.68
Net Investment Income (Loss) (a)	(0.31)	(0.29)	(0.74)	(0.14)	1.83
Net Gains or (Losses) on Investments (realized and unrealized) (b)	<u>32.37</u>	<u>(34.17)</u>	<u>48.15</u>	<u>(0.34)</u>	<u>28.41</u>
Total from Investment Operations	32.06	(34.46)	47.41	(0.48)	30.24
Distributions (From Net Investment Income)	-	-	-	(0.09)	(1.91)
Distributions (From Capital Gains)	<u>(9.02)</u>	<u>(2.82)</u>	<u>(2.66)</u>	<u>(10.13)</u>	<u>(0.22)</u>
Total Distributions	(9.02)	(2.82)	(2.66)	(10.22)	(2.13)
Net Asset Value -					
End of Year	<u>\$ 192.60</u>	<u>\$ 169.56</u>	<u>\$ 206.84</u>	<u>\$ 162.09</u>	<u>\$ 172.79</u>
Total Return (c)	18.88%	(16.64)%	29.25%	(0.26)%	20.91%
Ratios/Supplemental Data					
Net Assets - End of Year (Thousands)	\$ 36,807	\$ 38,443	\$ 47,028	\$ 36,234	\$ 38,583
Before Reimbursement					
Ratio of Expenses to Average Net Assets	1.39%	1.37%	1.34%	1.44%	1.40%
Ratio of Net Investment Income (Loss) to Average Net Assets	-0.55%	-0.52%	-0.72%	-0.53%	0.73%
After Reimbursement					
Ratio of Expenses to Average Net Assets (d)	1.00%	1.01%	1.00%	1.00%	1.00%
Ratio of Net Investment Income (Loss) to Average Net Assets (d)	-0.17%	-0.16%	-0.38%	-0.09%	1.14%
Portfolio Turnover Rate	6.23%	2.42%	13.33%	21.80%	14.89%

(a) Per share amounts calculated using the average shares method.

(b) Realized and unrealized gains and losses per share in this caption are balancing amounts necessary to reconcile the change in net asset value for the period and may not reconcile with the aggregate gains and losses in the Statement of Operations due to share transactions for the period.

(c) Total return represents the rate that the investor would have earned or lost on an investment in the Fund assuming reinvestment of all dividends and distributions.

(d) The ratio of expenses to average net assets includes interest expenses. The after reimbursement ratio of expense excluding interest expense was 1.00%, 1.00%, 1.00% and 1.00% for calendar years ended 2019, 2020, 2021, 2022 and 2023, respectively. The after reimbursement ratio of net investment income (loss) excluding interest expense is 1.14%, -0.09%, -0.38%, -0.15% and -0.17%, for the calendar years ended 2019, 2020, 2021, 2022 and 2023, respectively.
